CONTENTS

Vol. 83. INDEX

Fasc. 1. (September 1971)

The Occurrence of β-Carotene in Blood Cells from Cattle. By B. NILSSON 1
Electrolyte Distribution and Renal Function in the Hibernating Hedgehog. By G. CLAUSEN and A. STORESUND 4
The DC Potential between CSF and Plasma in Respiratory Acidosis. By K. MESSETER and B. K. SIESJÖ 13
Regulation of the CSF pH in Acute and Sustained Respiratory Acidosis. By K. MESSETER and B. K. SIESJÖ 21
Postnatal Excitability Changes of Kitten Motoneurones. By J.-O. KELLERTH, A. MELLSTRÖM and S. SKOGLUND 31
Changes in Continuously Recorded Intracranial Pressure of Conscious Rabbits at Different Time-Periods after Superior Cervical Sympathectomy. By L. EDVINSSON, CH. OWMAN and K. A. WEST 42
Modification of Kaolin-Induced Intracranial Hypertension at Various Time-Periods after Superior Cervical Sympathectomy in Rabbits. By L. EDVINSSON, CH. OWMAN and K. A. WEST 51
Nervous Influence on the Pulmonary Capacitance Vessels in the Rat. By P. AARSETH .. 60
ATP Hydrolysis and Noradrenaline Transport in Purified Vesicles from Splenic Nerve Trunk. By R. L. KLEIN and H. LAGERCRANTZ 70
Studies on the Site and Mechanism of Action of the Growth Inhibiting Effects of Estrogens. By G. HERBAI 77

The Influence of Noradrenaline Synthesis Inhibition on the Disposition of ^{3}H-Metaraminol in Peripheral Adrenergic Nerves. By O. ALMGREN 91
Renal Vascular Resistance in Spontaneously Hypertensive Rats. By B. FOLKOW, M. HALLBÄCK, Y. LUNDGREN and L. WEISS 96
Effect of Amphotericin B on the Frog Skin *in vitro*. Evidence for Outward Active Potassium Transport across Epithelium. By R. NIELSEN 106
Release of Noradrenaline from the Dog Heart *in Situ* after Intravenous and Intracoronary Administration of 5-Hydroxytryptamine. By G. M. B. FILLION, S. LLUCH and B. UVNÄS 115
The Role of the Adrenal Medulla in Posthemorrhagic Pulmonary Hypertension. By G. BØ and J. HOGNESTAD 124
Diameter and Elasticity of the Ascending Aorta during Infusion of Noradrenaline. By H. AARS 133

Short Communications:

On the Distribution of Sodium in the Rat Portal Vein. By N. BÅTH, B. JOHANSSON and O. JONSSON 139
Mechanism of Noradrenaline Hyperpolarization in Spinal Cord Motoneurones of the Cat. By I. ENGBERG and K. C. MARSHALL 142

Fasc. 2. (October 1971)

Effect of Angiotensin on Plasma-Free Fatty Acids in Dogs. By S. AKRE and O. D. MJØS 145
Specificity of Sensory Messages Mediated through Chorda Tympani Fibres with Multiple Sensitivity to Gustatory and Thermal Stimuli. By H. T. ANDERSEN and Å. O. HARTMANN 150
Comparison of the Effects of Prostaglandins E_1, E_2 and $F_{2\alpha}$ on the Sympathetically Stimulated Rabbit Heart. By P. HEDQVIST and Å. WENNMALM 156
Increased Nerve Stimulation Induced Release of Noradrenaline from the Rabbit Heart after Inhibition of Prostaglandin Synthesis. By B. SAMUELSSON and Å. WENNMALM ... 163
The Effect of Glucagon on Intestinal Motility and Blood Flow. By S. FASTH and L. HULTÉN 169
Salivary Secretion in the Rat in a Hot Environment. By M. ELMÉR and P. OHLIN 174
Unidirectional Fluxes in Isolated Splenic Nerve Vesicles Measured by a Millipore Filter Technique: Effects of noradrenaline and competitive reversal of reserpine inhibition. By R. L. KLEIN and H. LAGERCRANTZ 179
Effect of Reduced Perfusion Pressure on Intrarenal Distribution of Blood Flow in Dogs. By E. W. LØYNING 191
Efferent Impulses in the Chorda Tympani Nerve of the Rat. By G. HELLEKANT 203
The Intracellular pH′ in the Brain in Acute and Sustained Hypercapnia. By K. MESSETER and B. K. SIESJÖ 210
Characterization of Simple and Composite Uptake Systems in Cells and Tissues by Competition Experiments. By E. H. BÁRÁNY 220
The Disappearance of Acetylsalicylic Acid (ASA) in Aqueous Solution from the Cat Stomach and its Influence on the Transmucosal Ion Transport in the Innervated Non-secreting Stomach. By B. FRENNING 235
Studies of Monosaccharide Permeability of Arterial Tissue and Intestinal Smooth Muscle; Effects of Insulin. By H. J. ARNQVIST 247
Uptake of Serotonin in Blood Platelets *in vitro*. II: Further Studies on the Effects of Small Anions. By O. LINGJÆRDE, JR. 257
Effects of Pilocarpine on L-Dopa Turnover in the Exocrine Rat Pancreas. By P. ALM .. 269

Short Communications:

Discharge Patterns in Motor Nerve Fibres during Voluntary Effort in Man. By U. Freyschuss and E. Knutsson 278
The Effect of Intense Treatment with Hypotensive Drugs on Structural Design of the Resistance Vessels in Spontaneously Hypertensive Rats. By B. Folkow, M. Hallbäck, Y. Lundgren and L. Weiss 280
The Distribution of Na in Intestinal Villi during Absorption of Sodium Chloride. By H. Haljamäe, M. Jodal, O. Lundgren and J. Svanvik 283
The Presence of a Sulphomucopolysaccharide-Protein Complex in Adrenal Medullary Cell Granules. By G. Fillion, R. Nosál and B. Uvnäs 286

Fasc. 3. (November 1971)

Uptake of Micellar Lipids by Small Intestinal Segments (under Different Experimental Conditions). By C. Sylvén 289
Choroid Plexus Uptake of Atropine and Methylatropine *in vitro*. By K.-H. Eriksson and B. Winbladh 300
Uptake of Serotonin in Blood Platelets *in vitro*. III: Effects of Acetate and Other Monocarboxylic Acids. By O. Lingjærde Jr. 309
Effect of Training on Oxygen Consumption in Negative Muscular Work. By K. Klausen and H. G. Knuttgen 319
The Metabolism of Monosaccharides in Isolated Rat Mast Cells and its Influence on Histamine Release Induced by Adenosine-5′-Triphosphate. By B. Diamant and C. Peterson 324
Effects of Noradrenaline on Activity in Single Aortic Baroreceptor Fibres. By H. Aars 335
The Effect of Acute and Chronic Hypercapnia upon the Lactate, Pyruvate, Ketoglutarate, Glutamate and Phosphocreatine Contents of the Rat Brain. By K. Messeter and B. K. Siesjö 344
Differential Effect of Sleep Deprivation on the Two Slow Wave Sleep Stages in the Cat. By R. Ursin 352
Chemical Composition of Basophil Granules from Isolated Rat Mast Cells. By U. Bergqvist, G. Samuelsson and B. Uvnäs 362
The Distribution of the Yolk Cholesterol in the Young Chick. An Autoradiographic Study. By O. Svanberg 373
Studies on Tetrodotoxin Resistant Action Potentials in Denervated Skeletal Muscle. By J. B. Harris and S. Thesleff 382
Properties of Hematopoietic Progenitor Cells. By H. B. Benestad and H. Breivik 389
The Influence of Physical Training and Other Factors on the Subjective Rating of Perceived Exertion. By B. Ekblom and A. N. Goldbarg 399
The Action of Progesterone Derivatives and Other Steroids on the Sodium Transport of Isolated Frog Skin. By R. W. S. Tomlinson 407
On the Mechanism of Chlorpromazine-Induced Histamine Release from Rat Mast Cells. By M. Frisk-Holmberg 412

Short Communcations:

Separation of Rabbit Blood Platelets for Electronic Particle Counting. By I. Aursnes 422
On Muscle Vibration in Man; an Amplitude-Dependent Inhibition, Inversely Related to Muscle Length. By G. Eklund 425
OPT-Induced Fluorescence of Glucagon and Secretin. By R. Håkanson, H. Johansson and A. L. Rönnberg 427
Facilitation of Sympathetic Neurotransmission in the Cat Spleen after Inhibition of Prostaglandin Synthesis. By P. Hedqvist, L. Stjärne and Å. Wennmalm 430

†1—713003

Fasc. 4. (December 1971)

A Standardized Technique for Drainage and Collection of Cardiac Lymph. By T. KLUGE and S. R. ULLAL 433
Relationship between Antral Acidity and Gastrin Releasing Potency of Chemical Stimulants. By S. ANDERSSON and C.-E. ELWIN 437
Adrenergic Innervation and Drug Responses of the Oval Sphincter in the Swimbladder of the Cod (*Gadus morhua*). By S. NILSSON 446
The Effect of Arterial Hypoxemia upon Acid-Base Parameters in Arterial Blood and Cisternal Cerebrospinal Fluid of the Rat. By V. MACMILLAN and B. K. SIESJÖ 454
The Action of Progesterone on the Sodium Transport of Isolated Frog Skin. By R. W. S. TOMLINSON 463
Endogenous Inhibition of the Mechanical Response of the Isolated Rat and Guinea-Pig Vas Deferens to Pre- and Postganglionic Nerve Stimulation. By G. SWEDIN 473
Impulse Activity of the Isolated Spindle in Potassium-Free Solution. By I. HUSMARK and D. OTTOSON 486
The Effect of a Noradrenaline Liberator (4, alpha-dimethyl-meta-tyramine) on Reflex Transmission in Spinal Cats. By L. FEDINA, A. LUNDBERG and L. VYKLICKÝ 495
Interaction between the Fastigial Pressor Response and the Baroreceptor Reflex. By B. LISANDER and J. MARTNER 505
Influence of Synthesis and Membrane Pump Inhibition on the Nerve Impulse Induced Disappearance of Noradrenaline from Rat Salivary Glands. By O. ALMGREN 515
The Effect of Stomach Distension on the Efferent Activity in the Chorda Tympani Nerve of the Rat. By G. HELLEKANT 527
The Hemodynamic Consequences of Regional Hypotension in Spontaneously Hypertensive and Normotensive Rats. By B. FOLKOW, M. GURÈVICH, M. HALLBÄCK, Y. LUNDGREN and L. WEISS 532
Pulmonary Blood Volume and "Pulmonary Hematocrit" during Hypervolemia in Rats. By P. AARSETH 542
Differences in the Antidiuretic Response to Intracarotid Infusions of Various Hypertonic Solutions in the Conscious Goat. By L. ERIKSSON, O. FERNÁNDEZ and K. OLSSON 554
Perfusate Qualities and Spontaneous Edema Formation in an Isolated Perfused Lung Preparation. By G. NICOLAYSEN 563

Short Communcations:

Heart Rate in Relation to Sympathetic Efferentation Associated with the Bainbridge Reflex in Dogs. By R. M. BERGSTRÖM, M. O. K. HAKUMÄKI and H. S. S. SARAJAS 571
Hyperexcretion of Catecholamines Induced by Indomethacine. By L. STJÄRNE 574

Supplements

Supplementum 368. Development of Catecholamine-Storing Cells in Human Fetal Paraganglia and Adrenal Medulla. By A. HERVONEN.
Supplementum 369. Studies on Neurotransmission Mechanisms in the Rat and Guinea-Pig Vas Deferens. By G. SWEDIN.
Supplementum 370. Thyroid Hormone Secretion. Its Regulation by Intrathyroidal Amines. By A. MELANDER.
